By signing this application, I agree that I am responsible for any/all library materials borrowed through Sims Library. I also agree that I meet the definition of homebound, as defined by the United States Center for Medicare and Medicaid Services:

**Residents are to be considered homebound if they have a condition (due to an illness or injury) that restricts his or her ability to leave their place of residence except with the aid of supportive devices such as crutches, canes, wheelchairs, and walkers; the use of special transportation; or the assistance of another person; or if leaving home is medically contraindicated.**

**The condition of the patient should be such that there exists a normal inability to leave home and, consequently, leaving home would require a considerable and taxing effort. In most circumstances, if a resident drives, he/she would not be considered homebound.**
